[Register Online Here](#)

or return the registration form above to
Western New York Soil Health Alliance (446
West Avenue Albion, NY 14411) and enclose a
check made payable to Western New York Soil
Health Alliance.

You may also register by sending your name
and number of attendees to
wnysoilhealth@gmail.com

Payment will be due in cash or check at the
start of the workshop.

Virtual attendees will receive the Zoom link
after confirmation that their payment check has
been received by WNYSHA.

Participants can expect to learn about:

- Testing soil biology, including soil microbiome testing, in agricultural fields and what these measurements tell us about soil biological health
- Truterra carbon programs for row crop and dairy farmers
- Cover crop breeding network including progress, pitfalls, and potentials
- Cost-share and other funding opportunities for NY farmers to support soil health, nutrient management, and climate resiliency projects
- How delaying termination of cover crops can improve soil health and minimize nutrient application and herbicide use

CCA CEUs pending, 4.0 DEC pesticide credits will be offered for categories 1a, 10, 21 and 23.

PARKING: The entrance to the hall and all parking is in the rear of the building. Do NOT park on the sides of the building as you enter. Most of the parking is beyond the free standing garage at the rear of the Fire Hall.
